

Alessandro Frigo

alessandro.frigo@unimi.it

PhD student of the 37° cycle.

Orcid: 0000-0002-7803-8549

Graduated in Medical Biotechnology and Molecular Medicine in 2021 at the University of Milan, Alessandro is now enrolled in the international PhD program in Experimental Medicine. His project is focused on the Innate Immune Cells (ILCs, NK cells), particularly investigating their ontogenesis not only in the physiological setting, but also in the pathological one typical of Myelodysplastic patients, before and after Stem Cell Transplantation.
