

Alessia Amenta

alessia.amenta@unimi.it

PhD student of the 37° cycle.

Orcid: 0000-0002-4868-3678

Alessia Amenta graduated in Molecular and Cellular Biology in 2019 from the University of Catania. After graduation she worked as a research fellow at the University of Wolverhampton in UK. In 2020 she started working on meningeal neural stem cells at the cell metabolism and regenerative medicine laboratory in Milan. Now she has joined the Ph.D. program in Experimental Medicine at the University of Milan. Her focus is on the study of brain stromal components, in particular meninges, as a potential new pharmacological target for Globoid cell Leukodystrophy.
