

Sabrina D'Amelio

sabrina.damelio@unimi.it

PhD Student of the 38th cycle

ORCID: 0000-0002-1570-0654

After graduating in Medical Biotechnology and Molecular Medicine in 2021 at the University of Milan, she worked as a research fellow at UniMi.

She is currently working in the Neuropsychopharmacology laboratory of Prof. Raffaella Molteni. Her project is focused on the study of the involvement of neuroinflammation and oxidative stress in the development of psychiatric disorders, mainly Major Depressive Disorder (MDD).
