

Sabrina Carbone

sabrina.carbone@unimi.it

PhD student of the XL cycle

ORCID: 0009-0000-4119-8971

Graduated in Medical Biotechnology and Molecular Medicine at the University of Milan, Sabrina is now enrolled in the XL cycle of the international PhD program in Experimental Medicine under the supervision of Professor Anna Pistocchi.

Her research focuses on exploring the therapeutic potential of histone deacetylase, both as single-agent treatments and in combination with other drugs, to evaluate their therapeutic efficacy and investigate the molecular mechanisms associated with their regulation in different pathological conditions.
