

Gaia Galassi

gaia.galassi@unimi.it

PhD student of the XL cycle

ORCID: 0009-0003-8683-8575

After graduating in Neurobiology at Università degli Studi di Pavia in 2024, Gaia joined Prof. Anna Pistocchi's lab at L.I.T.A., Università degli Studi di Milano. There, she briefly worked as a research fellow before enrolling in the international PhD program in Experimental Medicine.

Her PhD project aims at investigating altered molecular mechanisms in human diseases, focusing on glioblastoma and taking advantage of both in vivo and in vitro approaches.
