PhD Student of the XL cycle

ORCID: 0009-0002-7859-3320

Benedetta Muda graduated in Medical Biotechnology and Molecular Medicine at the University of Milan in 2024. She is currently a PhD student in Experimental Medicine, jointly supervised by Dr. Luca Marelli and Prof. Giuseppe Testa.

Her work is part of the European NeuroCOV consortium, which addresses long-term neurological and neuropsychiatric complications associated with COVID-19. In particular, she focuses on the sociotechnical construction of “NeuroCOVID” as a disease category through omics data analysis and qualitative research methods.
